

STUDENT VOTER REGISTRATION

HB 467 *new for our district* **JOA**

In the fall and spring of each year the registrar of each county shall furnish all public schools with mail-in voter registration applications. The applications shall be provided in a reasonable time to enable those students who will be eighteen (18) years of age before a general election to be able to vote in the primary and general elections.

This school district shall permit access to all public schools in the district for the county registrar or the county registrar's deputy to register persons who are eligible to vote and to provide voter education.
