### OUR APPROACH TO ASSESSMENTS:

- ▶ The Starkville Oktibbeha School District's strategic approach to Assessments is based on a single premise... **every child can grow**.
- ▶ No matter the starting point, our goal is for every student to **achieve one year's growth during one school year**.
- ▶ By utilizing both district-level and state-required assessments, SOSD establishes a **shared responsibility for growth** with teachers, students and families.
- ▶ Assessments help us understand **where a student is** on his or her learning path and informs educators on how we can best meet that student's learning needs in a way that produces growth.
